

East Shallowford Farm

Diary Day – Monday

It was a super busy start to the day but the children and staff were very excited to be on their way to Shallowford Farm. We arrived at the farm just before 11am.

The children meet David and Fiona and played some games in the Common Room. The children thought about the country code and our aims and goals for the week.

The children then had some time to unpack and make their own beds, this was the first test of team work.

After some lunch, the children practiced putting on their farm wet weather gear and then went outside for a farm treasure hunt.

Then after a well-earned break, we went for a walk around the countryside, It was very pretty, but very muddy, a few of the children got stuck in the mud, we all giggled and laughed as we helped each other out.

In the evening, we helped clean out the pigs and then went star gazing on a night walk.

After lots of fresh air, we finally got back to the farm just before 9.30pm, ready to get to bed and get some sleep, before we start early in the morning as Shallowford Farmers.
